

Replacing traditional methods

Tired of old labor intensive cleaning methods?

Is up to 3 times faster with better quality results than human cleaning by hand.

Mopping by hand Carpet cleaning by hand Scrubbing by hand

Total cleaning solution

The total cleaning solution provided by Duplex Lithium Hybrid makes it the world's most versatile floor washer, scrubber and dryer.

Duplex Lithium Hybrid is unique!
It washes, steams, mops, scrubs, dries, polishes and disinfects all surfaces from awkward profile floors and tiles, to rubber, timber, Flotex and carpet. Especially effective in cleaning tile grout and non-slip floors.

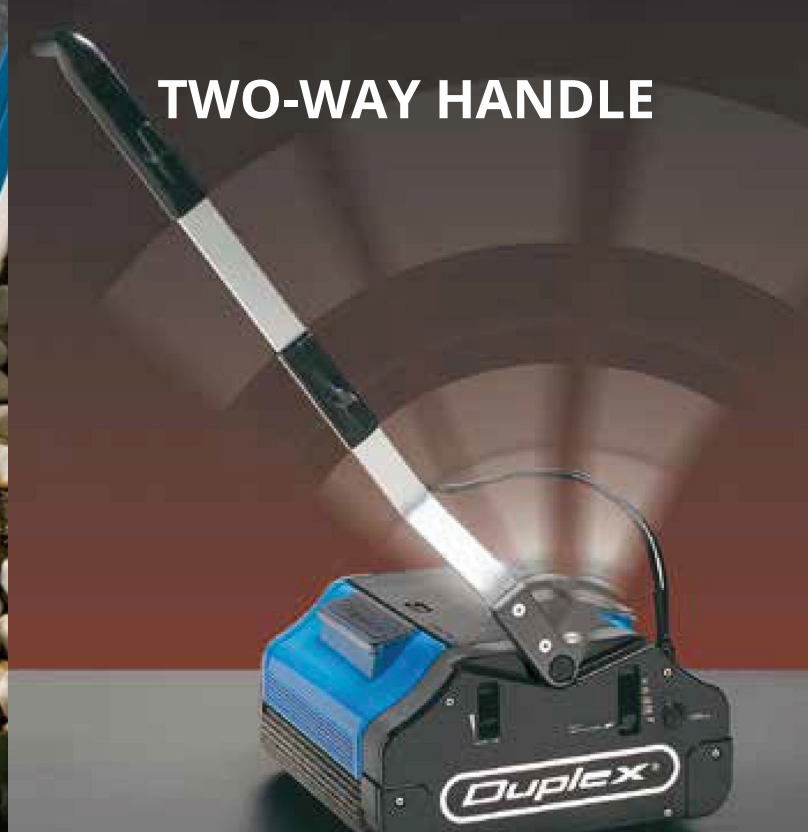

Manouverable!
No hard pushing, pulling and lifting. Duplex Lithium Hybrid is incredibly light to handle! The compact design and contra-rotating brushes result in feather-light, single-handed operation and manouverability that is unequalled.

MORE MANOUEVERABLE

Cleans right to the wall and edge.

TWO-WAY HANDLE

WEIGHT REDUCTION SYSTEM®

Reduces the weight of the handle

FEATHERLIGHT HANDLE

THE HEART OF DUPLEX

At the squeeze of the water trigger, **dual large capacity clean solution tanks** ❶ dispense liquid evenly along the full length of **both agitator brushes** ❷

All tanks are easily accessible and removable to make filling, emptying and cleaning simple and easy.

Simultaneously, **the twin conveyors** ❸ lift the dirt filled solution from the brushes to a **central recovery tank** ❹

Replaces mops, buckets, scrubbers, polishers and carpet extractors with a single compact unit.
